40 DAYS FOR LIFE

"I am delighted to support 40 Days for Life, which is doing immense work witnessing to the importance of every single human life – each one of us made in the image and likeness of God, our Creator.

Thank you for your tireless consistency in opposing what Pope Francis has so often identified as the "Culture of Waste" – and what is more wasted than a human being before it has even had the chance to be born?

Commending your mission to the protection of the Madonna, I pray God grants you every further success in saving lives."
